

25MJ/h BRIGADIER Portable Gas Heater

PRODUCT SPECIFICATIONS

GAS TYPE:	LPG or NG															
GAS INPUT LOW:	10.7 MJ/h															
GAS INPUT HIGH:	25 MJ/h															
KW OUTPUT:	6.5															
VENTING:	UNFLUED															
ENERGY EFFICIENCY STAR RATING AS4553:	5.9 Stars															
EMISSIONS STAR RATING NG & LPG AS4553:	NG - 1.6 & LPG - 1															
IGNITION:	Electric															
HEAT SETTINGS:	Low/Medium/High radiant & 2 speed convection fan															
CONTROL PANEL:	Push button															
MAX ROOM SIZE:	90 m ²															
FLAME FAILURE SHUT OFF:	Yes															
SAFETY TIP OVER SWITCH:	Yes															
OXYGEN DEPLETION SENSOR:	Yes															
GAS HOSE:	1.5 meters															
COLOUR:	Available in Black Marble, Sand Dune & Silver streak															
PRODUCT DIMENSIONS H x W x D	568 x 796 x 285 mm															
GROSS WEIGHT:	23 kg															
AUSTRALIAN WARRANTY:	3 year warranty															
AVAILABLE FOR SALE:	NSW, QLD, TAS, WA															
OPTIONAL ACCESSORIES:	Castors / cover / 3 meter hose

KEY FEATURES

Radiant / Convection Heating
The radiant panel heats the room and the convection fan blows warm air to every corner.

Powerful Heating
With 25MJ of power the Brigadier can heat up to 90m², suitable for large, open-plan areas. Available in Natural Gas or Universal LPG.

Safety Tip Over Switch
The heater will automatically shut off if it tips over for any reason, giving you peace of mind.

Oxygen Depletion Sensor
The heater monitors the level of oxygen in the room and if the level becomes low, the heater will automatically shut off so the oxygen level can restore itself.

Flame Failure Shut Off
Automatically switches off the gas supply if the flame extinguishes.
