KEY FEATURES

Radiant / Convection Heating
The radiant panel heats the room and the convection fan blows warm air to every corner.

Powerful Heating
With 15MJ of power the Brigadier can heat up to 53m², suitable for medium living areas. Available in Natural Gas or Universal LPG.

Safety Tip Over Switch
The heater will automatically shut off if it tips over for any reason, giving you peace of mind.

Oxygen Depletion Sensor
The heater monitors the level of oxygen in the room and if the level becomes low, the heater will automatically shut off so the oxygen level can restore itself.

Flame Failure Shut Off
Automatically switches off the gas supply if the flame extinguishes.
